

Council Members Present:

Robb Bourland

William Hughes

Joe Ayala

Lacy Kendall

Bedalia Valdez-Bovin

Agenda

Joe Ayala filled in for Chairman Bourland and went over the Agenda for the meeting.

Minutes

Council member Hughes made a motion to accept the minutes of the last meeting. Lacey Kendall 2nd the motion and the minutes were approved as printed.

Reports

Joy Ellington – Field Representative

Ms. Ellington reported that Councilmember Ed Scott was supposed to be at tonight's meeting but that a special meeting of the Mayor and Council had been called that would prevent him from attending. There will be a special meeting at the country club tomorrow night 9/14/05 at 7pm regarding the developer who wishes to build a shopping center at Riverside and Highland.

Bob Harrary – City of Rialto

Mr. Harrary talked about the development that is on the opposite side of Riverside and how the one side compares to the other. He also discussed Landscape Maintenance Districts (LMD) and how they work. He discussed how the city and county residents of this area might work together under a LMD. Mr. Harrary also took questions from the MAC members and those in attendance.

Jeff Rigney – Special Districts

Mr. Rigney discussed the costs involved with creating a Special District. Mr. Rigney took the MAC members through the process and their options regarding creating a special district to take care of the median issue. He mentioned that grants and developer donations might also be an option to help bring down costs that would otherwise get passed on, through a tax assessment that would help pay for the median costs and any on going maintenance. Mr. Rigney answered questions from the group.

Lt. Kolvinsky and Detective Root – Sheriff's Department

The two Sheriff's reported on crime statistics for the El Rancho Verde area. They reported that currently the department works on a three beat pattern to cover the area's needs during any given shift. With the addition of the 6 new officers to the Fontana station, the Sheriff's Dept. should begin to run a four beat pattern providing better coverage. Lt. Kolvinsky offered the crime statistics from 2003 to the present by type of crime.

The problem with street number on Sycamore was discussed. Ms. Ellington agreed to take the issue back and see what can be done regarding unifying the number from city area to county area.

Tabled

Reports from Julie Hernandez from Code Enforcement and Jim Morriss from Sober Living were tabled due to lack of time.

The meeting was adjourned at 9:45pm
